

Transfer your Flexi Pension to a super account application form

Instructions

Use this form to transfer all or part of your Flexi Pension account to a super account with UniSuper. If you have a Reversionary or Beneficiary Income Stream Flexi Pension you can't transfer your account back to super.

THINGS TO CONSIDER

If you don't have an existing super account with us, we'll open a new Accumulation 1 account for you. You won't receive any default insurance cover and your transferred balance will be invested in our default investment option (Balanced), unless you provide us with a rollover strategy in SECTION 3A of this form. You can find the *Accumulation 1 Product Disclosure Statement (PDS)* and *Target Market Determination* document at unisuper.com.au/pds.

If you transfer your full Flexi Pension balance, your account will be closed. Flexi Pension accounts require a minimum balance

of \$10,000 to remain open. If a partial transfer takes your Flexi Pension below \$10,000, we'll transfer the entire balance to your super account.

If you took your Flexi Pension under transition to retirement (TTR) rules, you can generally only use this form to transfer your full Flexi Pension to a super account.

UNDERSTANDING THE RISKS

By completing and returning this form, you'll be requesting a full or partial transfer from your Flexi Pension.

As there may be Centrelink and/or tax implications to transferring your Flexi Pension, we recommend you consult a qualified financial adviser or tax adviser before proceeding. You can get over-the-phone advice or meet with an adviser in person for a more comprehensive discussion about your finances. For more information, call UniSuper Advice on **1800 823 842**.

Please also refer to the *Flexi Pension Product Disclosure Statement (PDS)* available at unisuper.com.au/pds.

SECTION 1 YOUR DETAILS

▶ Please complete in BLACK or BLUE BALL POINT PEN and print in CAPITAL LETTERS. Cross (X) where required. All fields in SECTION 1 are mandatory. Please ensure you complete all fields.

SECTION 2 TRANSFER AMOUNT

Would you like to make a **full** or **partial** transfer to a super account? Note: if you took your Flexi Pension under TTR rules, you can generally only select 'Full' here.

Full

Partial. Please provide the amount you'd like to transfer here (minimum \$2,000). Remember your Flexi Pension requires a minimum balance of \$10,000 to remain open.

\$

This amount needs to be gross (before tax is deducted). Amounts requested below the minimum will be processed as \$2,000.

If you're completing a full transfer, please note we may be required to pay you the remainder of your minimum annual pension amount (pro-rata) to comply with superannuation law. See the PDS for more information.

SECTION 3 INVESTING YOUR TRANSFERRED PENSION BALANCE

- **If you have an existing super account with us**, your transferred pension balance will be invested in line with your rollover strategy. If you don't have a rollover strategy, it will be invested in UniSuper's default investment option (Balanced). To check or update your rollover strategy, log in to your account at unisuper.com.au or you can update your rollover strategy by completing SECTION 3A.
- **If you don't have an existing super account with us**, we'll open a new Accumulation 1 account for you and invest your transferred pension balance in UniSuper's default investment option (Balanced). You can change this investment strategy if you want to—simply complete SECTION 3A.

If you've got any questions or concerns about your investment strategy, consider seeing a qualified financial adviser.

SECTION 3A ROLLOVER STRATEGY

- You can choose a single investment option or a mix of investment options based on your individual requirements. All rollovers to your account—including transfers from an accumulation account to a Flexi Pension and vice versa—will be invested in your chosen option(s). The total must equal 100% and each nomination must be in whole numbers.

If you don't choose an investment option, your account will automatically be invested in the Balanced option, which is the Fund's default option.

Before making a decision about your investment options, refer to the relevant PDS and the *How we invest your money* booklet.

Sector investment options are generally single asset class options that are less diversified and not intended to be used in isolation, but combined with other investment options to build a diversified portfolio. For example, the Australian Dividend Income option might have exposure to as few as 20 entities, and the Global Companies in Asia option as few as 30 entities. In comparison, the Balanced option has an exposure to over 2,000 entities.

If you choose to only invest in a Sector option, you may be exposed to more risk and may miss out on the benefits of the balance between risk and return offered by a Pre-Mixed option.
