SECTION 2 TAX FILE NUMBER (TFN)

If we don't have your TFN, you may pay more tax than you need to and UniSuper will be unable to accept your non-concessional (personal after-tax) contributions.²

If you've already provided your TFN to your employer, there's no need to provide it again. See the PDS and the *How super works* document for more information.

Your TFN

Please read the important information about providing your TFN at [unisuper.com.au/tfn](https://www.unisuper.com.au/tfn). You can also request a copy of that information, free of charge, by calling **1800 331 685**.

² In order to join the Defined Benefit Division it is compulsory to provide your TFN.

SECTION 3 FUTURE CONTRIBUTIONS STRATEGY

If you're an existing UniSuper member, only complete this section if you wish to change your future contributions strategy. Any super transferred from other funds (rollovers) will also be allocated according to your future contributions strategy, unless you've already elected a rollover strategy.

To change your rollover strategy or the way your existing accumulation account/component is invested, log in to your account at unisuper.com.au.

For your accumulation component or account, you can choose a single investment option or a mix of investment options. All future contributions will then be invested in line with these instructions. **The total must equal 100% and each nomination must be in whole numbers.** If you've transferred to the Defined Benefit Division/Accumulation 2 from Accumulation 1 or a Personal Account and you haven't provided a new future contributions strategy, then any contributions received into your new account will be invested as per your existing future contributions strategy.

You should understand the risks and other implications of selecting your investment options. Read the PDS and the latest *How we invest your money* document for more information before completing this form. We recommend you consult a qualified financial adviser before making any investment decisions.

Sector options are generally less diversified and are not intended to be used in isolation. They're intended to be combined with other investment options to build a diversified portfolio.

For example, the Australian Dividend Income option might have exposure to as few as 20 entities, and the Global Companies in Asia option as few as 30 entities compared to the Balanced option which has an exposure to over 1,500 entities.

If you choose to only invest in a Sector option, you may be exposed to more risk and may miss out on the benefits of the balance between risk and return offered by a Pre-Mixed option.

SECTION 3A CURRENT CONTRIBUTIONS/ROLLOVERS

Any contributions and/or rollovers already made to your account will be invested in our default Balanced investment option (unless you've instructed us otherwise). When we receive this form, we'll switch those contributions and/or rollovers over to the investment option(s) you've chosen in SECTION 3, as at the date we process the form.

Select this box if you'd like the contributions and/or rollovers already made to your account to remain invested in the default Balanced investment option.

SECTION 4 INSURANCE COVER - DBD MEMBERS

➤ Care must be taken to answer all questions we ask as part of your insurance application honestly and accurately. Otherwise, you may not be able to rely on your insurance when it's needed the most.

INFORMATION FROM THE INSURER (METLIFE) - THE DUTY TO TAKE REASONABLE CARE NOT TO MAKE A MISREPRESENTATION

When you apply for life insurance, we will ask you a number of questions. Our questions will be clear and specific. They will be about things such as your health and medical history, occupation, income, lifestyle, pastimes, and other insurance. The answers given in response to our questions are very important. We use them to decide if we can provide cover to you and, if we can, the terms of the cover and the premium we will charge.

The duty to take reasonable care

When applying for insurance, there is a duty to take reasonable care not to make a misrepresentation.

A misrepresentation could be made if an answer is given that is false, only partially true, or that does not fairly reflect the truth. This means when answering our questions, you should respond fully, honestly and accurately.

The duty to take reasonable care not to make a misrepresentation applies any time you answer our questions as part of an initial application for insurance, an application to extend or make changes to existing insurance, or an application to reinstate insurance.

You are responsible for all answers given, even if someone assists you with your application.

We may later investigate the answers given in your application, including at the time of a claim.

Consequences of not complying with the duty

If there is a failure to comply with the duty to take reasonable care not to make a misrepresentation, it can have serious consequences for your insurance, such as those explained below:

Potential consequences	Additional explanation	Impact on claims
Your cover being voided	This means your cover will be treated as if it never existed	Any claim that has been made will not be payable
The amount of your cover being changed	Your cover level could be reduced	If a claim has been made, a lower benefit may be payable
The terms of your cover being changed	We could, for example, add an exclusion to your cover meaning claims for certain events will not be payable	If a claim has been made for an event that is now excluded, it will not be payable

If we believe there has been a breach of the duty to take reasonable care not to make a misrepresentation, we will let you know our reasons and the information we rely on and give you an opportunity to provide an explanation.

In determining if there has been a breach of the duty, we will consider all relevant circumstances.

The rights we have if there has been a failure to comply with the duty will depend on factors such as what we would have done had a misrepresentation not been made during your application process and whether or not the misrepresentation was fraudulently made.

If we decide to take some action on your cover, we will advise you of our decision and the process to have this reviewed or make a complaint if you disagree with our decision.

Guidance for answering our questions

When answering our questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond.
- Answer every question that we ask you.
- Don't assume that we will contact your doctor for any medical information.
- Answer truthfully, accurately and completely. If you're unsure about whether you should include information, please include it or check with us.
- Review your application carefully. If someone else helped prepare your application (for example, your adviser), please check every answer (and make corrections if needed) before the application is submitted.

Other important information

Your application for cover will be treated as if you're applying for an individual 'consumer insurance contract'. For this reason, the duty to take reasonable care not to make a misrepresentation applies.

Before your cover starts, we may ask about any changes that mean you would now answer our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

If after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any impact on the cover.

It's important that you understand this information and the questions we ask, so if you have any queries please contact us on [1800 331 685](tel:1800331685).

If eligible, you can elect to receive 10 units of top-up cover (in addition to default cover) without providing health evidence to the Insurer. We need to receive your top-up cover election within 180 days of the date your default cover commenced.

If you reduced your default member contributions when you joined UniSuper as a DBD member, you will not receive default cover automatically. If you would like to receive cover without providing health evidence to the Insurer, you'll need to apply for default (and top-up) cover with this form. In addition to receiving an employer contribution within 120 days of you joining the DBD, we must also receive:
