Consumer advisory warning

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.*

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

* This text is required by law to be included in all PDSs. Please note, however, UniSuper's fees are set at a competitive level that is consistent with effective management and are not negotiable by members.

Fees and costs

COMPETITIVE FEES

UniSuper members benefit from savings we achieve as one of the largest super funds in the country—savings we pass on to you through competitive fees.

If you consult an adviser, an additional fee may be payable. Our advisers don't receive commissions.

FEES AND OTHER COSTS

This document shows fees and other costs you may be charged. These fees and other costs are deducted from your money, from the returns on your investment or from the assets of UniSuper as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance you choose. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in the PDS, and the *How super works* and *Insurance in your super* documents.

You should read all the information about fees and other costs because it's important to understand their impact on your investment.

Within this section we've included a summary of fees and costs for our Balanced (MySuper) investment option. For information on fees and costs for our other investment options please refer to section 'Additional explanation of fees and costs'.

Changes to fees and costs

If changes (that aren't materially adverse) are made to fees and costs, we'll update our website. You can call us to request a paper copy of this information without charge.

² The costs component of investment fees and costs and the transaction costs are based on the costs for the year ended 30 June 2024, including several components which are estimates. Costs are subject to change and amounts for prior years are not necessarily reliable indicators of amounts for future years. The costs component of investment fees and costs and the transaction costs you'll be charged in subsequent financial years will vary and depends on the actual costs incurred by the Trustee in managing the investment option. Investment fees and costs includes an amount of 0.03% for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs'.

Additional information of fees and costs

INVESTMENT FEES AND COSTS

The investment fees and costs for the year ending 30 June 2024 (including transaction costs) can be viewed in this section or at unisuper.com.au/investment-costs. These costs show the total investment fees and costs attributed to each of our investment options (excluding the fees charged directly to your account) as a percentage of the total average net assets of the relevant investment option.

PERFORMANCE FEES

We don't directly deduct any performance fees from member accounts. However, some external investment managers may be entitled to receive performance fees if they generate strong investment returns. Performance fees may be paid directly out of the Fund or may be incurred indirectly out of an interposed vehicle. These are included in the investment fees and costs and are indirectly borne by members invested in an option.

To receive performance fees, a manager must generate returns which exceed an agreed benchmark (in some cases by a margin or hurdle), in which case the manager is entitled to receive a percentage of the excess returns. The amount that can be recouped by any particular manager in one year is generally capped and fees in excess of the cap are carried forward into future years and can potentially be paid in future years, subject to generating adequate returns. If managers fail to generate excess returns in a year, this typically results in a negative amount being carried forward for future years to offset any performance fees which may otherwise become payable in future.

Note that managers generally manage portfolios comprising assets which relate to multiple investment options. It's not possible to accurately predict the amount of performance fees that may be payable in respect of a particular investment option in any given year. This will depend on:

- the investment returns generated during the year ahead
- which managers generate excess returns within their portfolios
- whether there were negative amounts (or positive amounts) being carried forward for those managers
- the individual fee arrangements (if any) which had been negotiated with the relevant investment managers
- the size of the portfolios being managed by those managers, and
- the proportion of those portfolios which relate to the relevant investment option.

The table below includes the average performance fee for each option (including performance fees in any interposed vehicles) over the five financial years ended 30 June 2024.

WHAT'S AN INTERPOSED VEHICLE?

An interposed vehicle is a complicated concept to define completely and accurately. The following illustrates, on a simplistic level, how an investor might invest in an interposed vehicle.

An investor buys shares in a particular company listed on the Australian Securities Exchange (ASX). In this case, the shares in that company are an investment in their own right.

On the other hand, an investor could invest in another entity (Fund A) which, in turn, invests in that particular company listed on the ASX. In this case, Fund A will often be regarded as an interposed vehicle. When super funds disclose their fees and costs, they include fees and costs incurred by interposed vehicles. However, Fund A won't necessarily be an interposed vehicle if this was an investment in its own right and not a means of gaining exposure to the listed company.

Determining whether an entity is an interposed vehicle involves three separate tests. For a detailed explanation, we recommend you refer to the ASIC Regulatory Guide 97 Disclosing fees and costs in PDSs and periodic statements as well as any guidance (including frequently asked questions) issued by ASIC in conjunction with Regulatory Guide 97. The guide is available at asic.gov.au/regulatory-resources/find-a-document/regulatory-guides.

TRANSACTION COSTS

Each investment option incurs transaction costs which differ for each option. These may be incurred directly by the Fund or through an interposed vehicle. They may be paid directly out of the Fund or out of an interposed vehicle which may indirectly reduce the return on an investment. These typically include:

- brokerage
- stamp duty
- settlement costs (including custody costs)
- clearing costs, and
- buy-sell spreads.

OPERATIONAL RISK FINANCIAL REQUIREMENT

Australian super funds are required to have an Operational Risk Financial Requirement (ORFR) target and strategy. This is required by the Australian Prudential Regulation Authority (APRA) and is intended to ensure super funds have access to financial resources for losses, costs and expenses that may be incurred in the event of an operational risk.

The financial resources are held in the Operational Risk Reserve (ORR). This is funded out of investment related charges which are included in the investment fees and costs for each option. This component of the ORR is

currently 0.01% p.a. for each investment option. In accordance with APRA requirements, the ORR has also been funded with respect to the DBD.

FEES FOR UNISUPER ADVICE

Factual information and general advice is provided at no additional charge to UniSuper members. The cost of that service is included in the administration fees and costs you pay. You can find out more about this service at unisuper.com.au/advice.

UniSuper Advice is a financial planning service generally available to UniSuper members, former members and their families through UniSuper Management Pty Ltd (USM) ABN 91 006 961 799 Australian Financial Services Licence No. 235907, which is licensed to provide financial advice services and deal in financial products. UniSuper advisers are employees of USM. They are remunerated by way of a base salary and potential bonuses.

UniSuper Advice offers scaled personal advice on several topics, or comprehensive personal advice. Scaled personal advice covers topics like super contributions, investment options and insurance as they relate to your UniSuper account. Comprehensive advice includes retirement planning, insurance, non-super investments and wealth accumulation.

You'll receive an advice fee quote before UniSuper Advice proceeds with personal advice services. You'll be charged on a fee-for-service basis at either a fixed or hourly rate. The cost of the service provided varies depending on a number of factors, including the complexity of the advice sought, and the cost for some scaled personal advice may be partially included in the administration fees and costs you pay.

These fees are additional to the fees stated in this PDS.

You can learn more about UniSuper Advice by referring to the *Financial Services Guide - Personal Advice* and *Financial Services Guide - General Advice*, available at unisuper.com.au/financial-advice/types-of-advice or by calling us.

If you're a DBD member, we can only deduct advice fees from your accumulation component.

FEES FOR OTHER FINANCIAL ADVICE

Where you receive personal financial advice in relation to your UniSuper account(s) from a financial adviser outside of UniSuper, you can ask us to pay for this advice from your account balance. Your adviser must be registered with UniSuper for this to occur and we must be satisfied that the fee requested is appropriate. You can ask your financial adviser about whether this option is available to you.

INSURANCE PREMIUMS

The *Insurance in your super* document at [unisuper.com.au/pds](https://www.unisuper.com.au/pds) has information on the premiums associated with your insurance cover. Applicable insurance premiums are deducted from your account each month. A fee for administering the insurance agreement is included in the premium cost. This administration fee is paid to the Trustee.

EXCLUDED TRANSACTIONAL AND OPERATIONAL COSTS

The following transactional and operational costs are excluded from the investment fees and costs:

- borrowing costs
- property operating costs
- implicit transaction costs and market impact costs other than in relation to certain derivative financial products.

TAX

See the PDS and the *How super works* document for information on the tax applicable to your account. We'll provide you with a 15% rebate for administration fees and insurance premiums paid where a tax deduction is available to the Fund. This means for every \$100 in fees and premiums deducted from your account, we provide you with a \$15 rebate to reduce these costs. The rebates for administration fees and external insurance premiums are credited to your account on a monthly basis.

GST AND STAMP DUTY

Fees and costs may include GST and stamp duty where applicable. The amount of GST payable may be reduced in certain circumstances as a result of tax credits available to the Fund.

BANK FEES

The Trustee reserves the right to recover any bank fees incurred on a cost recovery basis.

ALTERATIONS TO FEES

Fees and costs are generally reviewed annually and may change without your consent. We reserve the right to introduce a new fee or cost and/or change any fees or costs. We'll give you 30 days' written notice before a new or increased fee that we charge directly takes effect. This prior notice is not required where there is an increase attributable to the Trustee's costs in managing your investments. We'll notify you about changes to costs as required by law.
